Reading, Rock Island, and Chicago Great Western Show in the Dealings - Copper and Steel Under Pressure.

Stocks closed irregular in the market o-day, following a reactionary session, with the volume of trading comparalvely small. While the early dealings were promising, the interest was not ounced in the afternoon.

New York Central rather monopolized attention during the day on new reports oncerning changes in the ownership of the road. The stock advanced 2 per cent. on good buying.

Erie ranked next in strength, the mmon and preferred each advancing about 1 point. Reading, Rock Island and Chicago Great Western were also prominent in

the trading at fractional advances. There was pressure on Amalgamated Copper and the Steel issues, they ruling fractionally lower during the greater part of the day. The other Industrials

were irregular. The closing of the Traction group was strong.

Southern Pacific. Union Pacific, Atch-ison. Baltimore & Ohio and St. Paul suffered small losses. Bonds were steady. The total sales of stocks were 851,700 sbures, and of bonds \$4,275,000.
